

ALKYL 50

A unique source of Alkylglycerols the serve immune function and radiation-induced side effects

Ref: 1001

NUT 944/7

Presentation :

Lot of 2 boxes of 120 gelatine fish and glycerol capsules.

Directions:

3 to 9 capsules per day, preferably at the beginning of a meal or as advised.

Do not use :

No known cases.

ALKYL 50 is a dietary supplement made from shark liver oil.

Shark liver oil from various shark species is a good source of alkylglycerols, natural lipids made in the liver.

Various studies have shown that alkylglycerols contribute to the support of immune function and promote the fight against the side effects induced by radiotherapy.

Composition for 1 capsule: LiShark liver oil (20% alkylglycerols) : 500 mg • Fish gelatin • Glycerin
